

Sinclair Broadcasting is not fulfilling it's duty of serving the public interest. I do not want them to have free use of OUR airwaves to put out their cheap, anti-democratic propaganda. You are supposed to be working for us...WE THE PEOPLE. It's going to take a lot of strong people to take a stand to get things back to the way they ought to be in these United States and in the world. Help save us all. Be one of those strong people. Thank you.
